[17:59] <majinboo3> Phil you ready for that P?UBG?  
[17:59] <jbowler21> what's pubg guys?  
[17:59] <thankyoumrfriberg> KKona I voted for Moore  
[18:00] <media\_snob> The senate technically. Not enough to tip the majority.  
[18:00] <blue\_blur64> @jbowler21 Player's Unknown BattleGrounds  
[18:00] <reloaded211> Singing with DSP!  
[18:00] <jbowler21> oh

[18:00] <blue\_blur64> Not that kind of affect media  
[18:00] <ass\_blastor> Does Phil have an Xbox 1X?  
[18:00] <assassinaltair7> No  
[18:01] <media\_snob> Well, I'll always bet on the south to do some stupid shit. Especially having lived there once in my life.  
[18:01] <blue\_blur64> It'll affect how people outside the US view us overall, making it seem that we support the kind of person Moore is (allegedly but blatantly obvious who he is)  
[18:01] <ass\_blastor> he might have framerate issues with regular xbox on PUBG  
[18:01] <assassinaltair7> X only gives like 5 extra FPS  
[18:01] <media\_snob> Electing a pedophile is like small potatoes in comparison. Especially when you had someone like David Duke holding office at one time.  
[18:01] <blue\_blur64> who?  
[18:02] <wint3rmu7e> dsp with the hot freestyle  
[18:02] <majinboo3> too be honest most of the world is ass outside the us  
[18:02] <media\_snob> White Supremacy, former Klan Grand Wizard. Was elected in Louisiana during the early 90s IIRC.  
[18:02] <assassinaltair7> People don't realise pubg isn't finished yet and they are trying to find a way to get it to 60fps  
[18:02] <blue\_blur64> Well now I know why I don't know him, I was born in 94 brownLUL  
[18:03] <zahvone> The music gets better everytime.  
[18:03] <media\_snob> The people of the south aren't exactly the brightest bulbs. Nor the most socially correctly.

MingLee

[18:03] <majinboo3> Also alabama is one of the most conservative states

[18:03] <majinboo3> they will NEVER elect a democrat

[18:03] <media\_snob> Treating people with decency? Not molesting kids? What are you, one of the gays?

[18:03] <blue\_blur64> Hey, I follow youtubers that are pretty smart and live in Alabama DansGame

[18:03] <thankyoumrfriberg> The election of a pedophile is not that much of a big deal because for the most part, most of the world's government and elite are involved in secrecy surrounding children, drugs, sex trafficking etc.

[18:03] <covetedseraph> So majinboo?

[18:03] <assassinaltair7> When is the stream starting

[18:03] <covetedseraph> That's the people's choice.

[18:04] <majinboo3> same with washington and democrats

[18:04] <wint3rmu7e> most places dominated by religion arent generally too bright

[18:04] <media\_snob> At least they have the decency to pretend to hide the shit. MingLee

[18:04] <majinboo3> washington will always vote democrat but funny enough only seattle is liberal in washington

[18:04] <majinboo3> but seattle is also by far has the highest population in washington

[18:04] <katexo234> TPFufun

[18:04] <blue\_blur64> @thankyoumrfriberg More than just that though, there's also many comments he made (like getting rid of all the amendments after the 10th)

[18:05] <majinboo3> Sounds good to me

[18:05] <wint3rmu7e> thankfully there is tons of hood guys to balance it out

[18:05] <thankyoumrfriberg> Dude my boy Moore talking about getting rid of the 13th amendment got me spooked TriHard

[18:05] <majinboo3> Republicans are all savages

[18:05] <majinboo3> they legit dont give a fuck

[18:06] <media\_snob> MingLee

[18:06] <media\_snob> @thankyoumrfriberg It's a states rights issue my colored friend.

[18:06] <blue\_blur64> Ok, I think we should take a break from the politics since he's about to start talking I'm assuming since no music is playing

[18:06] <media\_snob> Now get out of my town, it's 9 o'clock boy.

[21:17] <clunkyd> its too late for that  
[21:17] <georgetdawson> whats happening on the 14th?  
[21:17] <kingwhiterabbit> Any estimate on how much longer he has to beat this?  
[21:17] <thenewfaceofcreation> Hi there btw  
[21:17] <seth189> The vote to keep or abolish net neutrality  
[21:17] <seth189> Hey face  
[21:17] <chairmancaleb> @Seth189 Right now, that's all hear say. Nothing is confirmed.  
[21:18] <thatanonyraccoon> @georgetdawson either nothing, or your internet is ruined forever  
[21:18] <sk8rslim> companies already came out said theyre ready to charge for fast lines if it gets repealed  
[21:18] <thatanonyraccoon> make your choise  
[21:18] <jv5\_guy> Brw we already pay 4 internet by our providers so y pay more  
[21:18] <forcexkin> BUGGED MELEE  
[21:18] <cazzac1> you really need packaged internet i mean Pajit is right some people pay for access to internet that they dont use some people will save money  
[21:18] <seth189> It's not hear say man what u talking about  
[21:18] <forcexkin> DOOD  
[21:18] <leewanner> People worried about the removal of Net Neutrality must not know that there was no such thing before 2015 and the internet was just as good if not better.  
[21:18] <cte900> crouch fight  
[21:18] <chairmancaleb> @Sk8rSlim Yeah? Mind sharing those links?

[21:18] <thenewfaceofcreation> @ThatAnonyRaccoon i want the memes to stay so

[21:18] <threedog64> Rip

[21:18] <dukaduka> gotta crouch punch

[21:18] <dukaduka> crouch punch into sweep

[21:19] <seth189> Net neutrality has been a thing since the internet started but want formally recognized by the FCC until 2015

[21:19] <pinkdam> net neutrality is a psyop

[21:19] <lightkun1988> Hey Guys HeyGuys is PubG still happening today? Gotta start work in 3 hours :(

[21:19] <malebox85> EleGiggle

[21:19] <seth189> We've always had ot

[21:19] <georgetdawson> its so confusing about net neutrality. just like politics haha

[21:19] <thatanonyraccoon> i dont remember internet being better pre-2015

[21:19] <malebox85> This game is a masterpiece

[21:19] <thatanonyraccoon> maybe the same, but better?

[21:19] <seth189> Yeah

[21:19] <chairmancaleb> @Seth189 It very much is. Everything has been shouted by alarmists that are looking at the pessimistic side of something that could or could not happen.

[21:19] <cazzac1> you use the internet a lot thats why it annoys you, you know you'll have to pay more lol

[21:19] <seth189> Chairman o can literally show you isps fucking people over seas

[21:19] <thatanonyraccoon> @georgetdawson it literally is politics lol

[21:19] <threedog64> Why is net neutrality suddenly important in 2017?

[21:19] <sk8rslim> search comcast net neutrality rules should pop up.

[21:19] <seth189> Can I send pics over twitch?

[21:20] <threedog64> Like why'd he do this?

[21:20] <chairmancaleb> @Seth189 Does overseas have anything to do w/ the U.S?

[21:20] <thatanonyraccoon> @Seth189 in chat? no

[21:20] <seth189> Verizon blackmailed netflix into paying more so their customers don't get throttled and make shows load slower

[21:20] <seth189> Yes

[21:20] <dukaduka> @threedog64 because the government in the us actually starting doing something about it and then everyone freaked out like the idea never existed before

[21:20] <seth189> Because they don't have net neutrality

[21:20] <seth189> That's why

[21:20] <thexgardener> turn for up?

[21:21] <thexgardener> fov

[21:21] <chairmancaleb> @Seth189 Different ISP's and countries work differently.

[21:21] <xbox1\_is\_garbage> Message DarksydePhilâ€™s chat...

[21:21] <sk8rslim> sadly thats the isp i have.. and only option in my part of chicago.. and for them to change their standpoint quickly on fast lines is a big red flag..

[21:21] <seth189> It's console homie

[21:21] <chairmancaleb> Again, wait and see. QUIT freaking out.

[21:21] <nutsackilla> Blackmail?

[21:21] <jiujitsuferret> Doooooooooooooooooooooood

[21:21] <danielpagetos> Watched DSP since his dead space 1 video, good to know he is still punch shit like a god

[21:21] <georgetdawson> is it a vote in u.s. only?

[21:21] <thexgardener> @Seth189 o gawd

[21:21] <malebox85> Does Phil do drunk streams?

[21:21] <seth189> Ikr

[21:21] <jv5\_guy> Even the creators of the internet is against it

[21:21] <chairmancaleb> Lol, creators of the internet?

[21:21] <chairmancaleb> And who might they bay, Jv5?

[21:21] <jiujitsuferret> G

[21:22] <seth189> It's something to be worried about, I don't wanna pay more for what I already have

[21:22] <thatanonyraccoon> @ChairmanCaleb Al Gore

[21:22] <thexgardener> Reined created the internet

[21:22] <thexgardener> Reynad

[21:22] <leewanner> Well the good news about the removal of net neutrality is that the alarmists will be proven wrong now - because things are just going back to pre-2015, and it's gonna be great.

[21:22] <seth189> Why should I have to pay for example 4.99 a month for social media apps, and another 4.99 for certain popular websites

[21:22] <thatanonyraccoon> Pay the millionaires more so they can be billionaires

[21:22] <thatanonyraccoon> "free market"

[21:22] <jiujitsuferret> Ack ack ack

[21:23] <chairmancaleb> @LeeWanner And it also helps smaller ISP's, but apparently there's "literally" no benefit whatsoever LUL

[21:23] <seth189> Having a dot is a link apparently

[21:23] <sk8rslim> its not even the paying more part thats the worst.. if this passes it effects the rest of the worlds connections to us based sites...

[21:23] <malebox85> PMSTwin

[21:23] <jv5\_guy> So basically slow twitvh

[21:23] <nutsackilla> Neutrality = y2k

[21:23] <seth189> Have you ever used an isp that was a victim of a slow lane before?

[21:24] <seth189> It sucks ass

[21:24] <malebox85> Slow lane?

[21:24] <seth189> Yes

[21:24] <threedog64> The US is dumb af

[21:24] <seth189> ^

[21:24] <dehumanization> reddit was pushing net neutrality hard so it must be a bad thing

[21:24] <malebox85> Whatâ€™s slow lane

[21:24] <danielpageto> Phil PUT on some boxing gloves

[21:24] <threedog64> Im moving to Canada

[21:24] <georgetdawson> sit down. be humble

[21:24] <jv5\_guy> Internet isnt broken dont fix it

[21:24] <kozatof> PLAY PUBG

[21:25] <seth189> A slow one is basically your connection being slowed down to a website in favor for another person with a different isp

[21:25] <kozatof> not this shit

[21:25] <seth189> And yes play pubg

[21:25] <kozatof> Pubg when

[21:25] <chairmancaleb> @threedog64 Have fun paying all of your income with high taxes. Oh, and you can't just simply move to Canada. There are a lot of pre-requisites.

[21:25] <kushiyakitori> so until how long is he playing?

[21:25] <cazzac1> why should people have to pay for internet access they dont use if someone only uses Social Media why should they pay for overall coverage

[21:25] <nutsackilla> Neutrality is about billionares not consumers

[21:25] <sk8rslim> moving to canada doesnt change your connection to US based site if the repeal passes lol

[21:25] <georgetdawson> please dont tell me im gpnna stay up and hes not gonna play pubg

[21:25] <kozatof> @darksydephil why you playing this garbage

[21:25] <seth189> ^

[21:27] <concretcasket> nowhere near "I spawn I die" but still good  
[21:27] <leewanner> I like the sonic song haha
